. I wanted to tell you a little bit more about myself. I am the father for children and grandfather of two I have been selling on eBay since 2008.

I am writing this book to help you I am a power seller with a proven track record with thousands of transactions under my belt, I want to help people to understand how to make money online.

When I first started in eBay people were very secret with their information. I discovered areas after a couple years I'd say around 2010 that had information was available for the eBay seller.

What a wonderful time this was people were helping each other through videos on YouTube and then the trend of the Facebook group started. It has never been easier to make a living on eBay than it is right now.

I also am an avid Amazon FBA seller. I have a thriving eBay business and and very profitable Amazon FBA business. There are many people out there telling you many things about how to sell online. Not many want to share what to sell online. Due to the fact that they think the market will be driven down by multiple sellers.

I feel like there is so many things to learn and so many things to sell you can literally learn everyday and still miss something next time you go to the yard sale. So I do not consider a sharing what to sell as hurting the market.

My goal is to help you find items quickly to make a fast profit. Items that I have discovered that continuously sell at a fast rate with a high profit margin.

I wanted to also let you know that after I discovered YouTube videos and Facebook groups I also discovered Kindle e Book publishing. I have often helped people in their homes to learn to sell on eBay and I have often

helped people on what to sell on eBay. What happened when I discovered e Book publishing was I realized that I can move my educated new sellers to a brand new level!

Now instead of me coming to your house and mentoring you I can mentor you through these books. Sharing my knowledge.

This book will not be the most eloquent book you've read there will be grammar and punctuation mistakes. I am here to educate you and save you money if I spend hundreds of dollars on a professional editor and their professional copyright and give you slick sales talk and a fancy cover and you don't make money what good is that?

This book will make you money so bear with my grammar and my punctuation errors and help me help you. Another thing that I wanted to point out I have a Facebook group of over 17,000 people. Is dedicated to educating the eBay seller. If you are not a member join here.

I wanted to let you know I am NOT a person who wrote an eBay book to make money off you. I am an eBay seller That is the real deal and can help people by making a book. I want you to let that set in for a minute. When you buy eBay books and what to buy books online. You will find that most of these people are copyright editors type that are trying to cash in on the new eBay seller.

I am NOT one of those people I am an eBay seller and Amazon seller just like you.(or you soon will be) Let me use my knowledge after years of trial and error to help you. You may have spend some money on this book how
