With the prior edition of this concise, up-to-date casebook having been adopted at over 100 law schools, the seventh edition preserves the authors tradition of providing a comprehensive overview of agency, partnership, and corporation law. It also continues to emphasize six basic editorial principles: Be lean but not mean, cases edited ruthlessly to produce a readable and concise result. Facts matter, so they are included in all their potential ambiguity. Bring a planners perspective to the table through extensive use of transactionally-oriented problems.
