An eye-of-the-hurricane view of storm chasing from the star of the Discovery Channel hit series *Storm Chasers*.

Only one in ten chases actually intercept a tornado-unless you're Reed Timmer. The thrill-seeking meteorologist and star of *Storm Chasers* has followed and faced down more violent tornadoes than anyone. *Into the Storm* brings readers into the mind of this man and his mission-collecting data that could save lives-in the terrifying, awe-inspiring world of big weather.

Into the Storm is also a fascinating look at the science of weather-what causes extreme conditions, its connection to climate change, and how a tornado gets its stovepipe structure.
