Love is only a few million miles away...

In order to help her family, as well as to escape the life that she was trapped in as a girl, Hailey decides to become the mail-order-bride of an extraterrestrial.

The aliens, who had introduced themselves to earthlings a few years ago have always interested Hailey, but her family has never given into the change, which has eventually become their downfall. Still resistant to it, Hailey has gone behind her family's back and arranged a pod to take her away, but not before tying up some loose ends.

Hailey might think she knows Xavier, her husband-to-be, but there is no amount of messaging or information that could truly prepare her for what awaits her on the other end of that pod-ride.
