Leaving Oz is about a paradigm shift away from the 'consensus reality' all are born into, it is about the discovery of a different road, which can lead one beyond Oz. The popular fairy tale book 'The Wonderful Wizard of Oz', written by L Frank Baum, who he said was really written by someone he called the 'Great Author', is more than it appears on the surface, providing hidden gems of information, as if speaking in code, for those with 'ears to hear' and 'eyes to see'. Fairy tales and myth are indeed written in code to show a truth not told and expose a fiction passing as truth. Those who are either travelling the road of yellow brick already, or those who are about to take this journey, may relate. For all others, welcome.
