## **Exposing the truth marked Seth Rogan for murder in this #1 best selling spy novel**

*Be held hostage to the fast action and intrigue in Book One of the controversial eco-thriller mystery series (a 2014 RONE Award Honorable Mention Winner)*

Seth Rogan was a bad spy. That's because he wasn't a spy at all. Just a guy trying to do the right thing. As a biologist for the largest biotech company in the world, he had a great job, and enjoyed all the perks. But when asked to do some tests on the company's genetically engineered (GMO) foods, he uncovered secrets that entangled him in a web of corruption, fraud and conspiracy that he wanted no part of, but could not escape from. In a story of mystery and suspense that seems too true to life to be fiction, it could almost be from today's newspapers, Seth, having bit the hand that fed him, is on the run from CIA, the FBI, and the full overreaching strength of the United States government, charged with espionage, and finds temporary refuge with an old enemy - Russia. But his peace is about to be broken as he finds himself in the role of an involuntary spy.

### **Critically acclaimed**

- An Involuntary Spy is absolutely riveting, suspenseful, and an eye-opener to the controversial effects of genetically engineered food. **San Francisco Book Review**
- Kenneth Eade has gone where no man has gone before-he's made the GMO issue into a spy thriller. **IPublisher News**
- "Any who want a more realistic, modern-day James Bond complete with contemporary ethical concerns will find themselves held hostage to the fast action and intrigue in An Involuntary Spy, right up to the satisfyingly-unpredictable conclusion made all the more powerful for its real basis in today's uncertain experiments." **Midwest Book Review**
- "It just could be that this book breaks the real life controversy wide open." **Atlanta Health Examiner**

### **??? Go on a roller coaster thrill ride of international intrigue and cat and mouse espionage:**

Seth is always one heart-pounding step ahead of the CIA and the FBI, who follow his every move. Fleeing the country like Edward Snowden, Seth wages a battle of wits against the CIA, the FBI and double agents to bring the message of the dangers of genetically engineered foods and government corruption to the people.

### **??? An Involuntary Spy rocketed to the top of these Best Seller Lists:**

1. #1 Best selling Political Thriller

2. # 1 Best selling Genetic Engineering Science Fiction Thriller
