Michael Sims

Apollo's Fire: A Day on Earth in Nature and Imagination Michael Sims

The critically acclaimed author brings a scientist's curiosity and a poet's soul to a delightful tour of a single day on Earth

Most of us do not give a second thought to the elemental rhythms of daily life. In *Apollo's Fire*, Michael Sims sets out to open our eyes—literally—to the miraculous events that lie underneath the oldest story on Earth: the passing of a single day. In a profound and witty narrative that begins in the darkness before dawn, progresses through morning, noon, evening, and ends, fittingly, back in darkness, Sims takes us on an exhilarating ride through the oft-overlooked journey that all of us make every day.

From reader reviews:

Angela Drew:

Now a day individuals who Living in the era exactly where everything reachable by talk with the internet and the resources in it can be true or not require people to be aware of each facts they get. How a lot more to be smart in getting any information nowadays? Of course the answer is reading a book. Reading through a book can help persons out of this uncertainty Information mainly this Apollo's Fire: A Day on Earth in Nature and Imagination book because book offers you rich details and knowledge. Of course the info in this book hundred percent guarantees there is no doubt in it you probably know this.

Camille Wolfe:

Many people spending their time by playing outside along with friends, fun activity together with family or just watching TV all day every day. You can have new activity to pay your whole day by reading a book. Ugh, think reading a book can really hard because you have to accept the book everywhere? It all right you can have the e-book, having everywhere you want in your Touch screen phone. Like Apollo's Fire: A Day on Earth in Nature and Imagination which is finding the e-book version. So , why not try out this book? Let's view.

Jeffrey Cooks:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's internal or real their hobby. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Apollo's Fire: A Day on Earth in Nature and Imagination can make you truly feel more interested to read.

Dorothy Vinson:

What is your hobby? Have you heard that question when you got learners? We believe that that query was given by teacher on their students. Many kinds of hobby, All people has different hobby. And you also know that little person like reading or as studying become their hobby. You should know that reading is very important and book as to be the issue. Book is important thing to provide you knowledge, except your current teacher or lecturer. You see good news or update in relation to something by book. Amount types of books that can you take to be your object. One of them is actually Apollo's Fire: A Day on Earth in Nature and Imagination.
