Exemplary Research For Nursing And Midwifery

Exemplary Research For Nursing And Midwifery

This Reader reproduces fifteen classic and influential accounts of nursing research selected by a panel of senior nurse researchers and teachers. It provides accompanying commentary explaining why the research is good, how it relates to the research tradition and the influence and impact of the piece of research. Introductory and concluding chapters review the literature on the evaluation of research and the position of nursing research in relation to that conducted in medicine generally. *Exemplary Research for Nursing and Midwifery* is an invaluable reference for any nurse or midwife embarking on the research process.
