El objetivo de este libro es contribuir al debate y a la formulación de políticas públicas en torno al fenómeno migratorio. La migración internacional está cambiando el perfil económico, social, político, demográfico y cultural de cada país, de ahí la relevancia de estudiarla a profundidad. Este volumen analiza el papel de los actores involucrados en el proceso de gobernanza global y abre la discusión sobre el capital social y la movilidad laboral en la migración, en particular entre México y Estados Unidos.
