Atlas of the Eastern Front: 1941-45 (General Military) Robert Kirchubel

The Eastern Front of World War II was a nightmarish episode of human history, on a scale the like of which the world had never seen, and most likely never will see again. This expansive collection of maps offers a visual guide to the theater that decided the fate of the war, spanning the thousands of miles from Berlin to the outskirts of Moscow, Stalingrad, East Prussia and all the way back. The accuracy and detail of the military cartography found in this volume illuminates the enormity of the campaign, revealing the staggering dimensions of distance covered and human losses suffered by both sides.
