Unfortunate inconvenience, that is the way Piper describes her encounter with Mason Dasher. From the minute the alpha male interrupts her morning after hangover on the airplane, she can't stand to be near the egotistical maniac with a booming voice and annoying sex appeal. But to her misfortune, she finds herself not only having to spend time with him at their best friends' wedding but she also can't seem to shake the infuriating man in her everyday life.

Psychotic Una-bomber with the constant mensies is the way Mason describes his flying companion, Piper Shores. After a horrific break up with his now ex, Brooke, he finds himself being engulfed by the temperamental red head that just so happens to be the maid of honor to one of his best friends, Lexi. Even though she grates on his every nerve, he can't help but want a piece of her.

The two are like oil and water, a science experiment ready to explode any second but they can't help but be drawn to each other. The only problem is... there are other people they are involved with who not only prevent Mason and Piper from being together, but interrupt any chance they have at making a relationship work.
