Comparative Stylistics of French and English: A methodology for translation (Benjamins Translation Library) Jean-Paul Vinay, Jean Darbelnet

The *Stylistique comparée du français et de l'anglais* has become a standard text in the French-speaking world for the study of comparative stylistics and the training of translators. This updated, first English edition makes Vinay & Darbelnet's classic methodology of translation available to a wider readership. The translation-oriented contrastive grammatical and stylistic analyses of the two languages are extensively exemplified by expressions, phrases and texts. Combining description with methodological guidelines for translation, this volume serves both as a course book and through its detailed index and glossary as a reference manual for specific translation problems.
