Ice Cold

Andrea Maria Schenkel

Ice Cold Andrea Maria Schenkel

Andrea Maria Schenkel's second novel *Ice Cold* recreates Munich, Germany in the 1930s to revisit a terrible crime, and offers thrilling crime fiction that draws on historical events. *Ice Cold*, like *The Murder Farm*, is told through several voices and documentation, including interrogation logs, witness statements, and the murderer's own internal monologue.

Munich in the late 1930s-the first years of fascism and the last before the war-is a dangerous place. Kathie is desperate to leave her sheltered village life and sets out for the city, determined that she'll get by, one way or another. She is dark-haired, buxom and pretty, like the women who recently disappeared without a trace.

Young women are being found around Munich, abused and murdered. Josef Kalteis has been arrested, but is he really responsible for all those misdeeds? Did they execute the wrong one while the murderer is still on the loose?

Lost somewhere in between her naive search for luck and existential concerns, occasional prostitution and the desire for true love, Kathie is in grave danger.
