*Samuel Taylor Coleridge*

**Samuel Taylor Coleridge - The Major Works (Oxford World's Classics)** Samuel Taylor Coleridge Samuel Taylor Coleridge, poet, critic, and radical thinker, exerted an enormous influence over contemporaries as varied as Wordsworth, Southey and Lamb. He was also a dedicated reformer, and set out to use his reputation as a public speaker and literary philosopher to change the course of English thought. This collection represents the best of Coleridge's poetry from every period of his life, particularly his prolific early years, which produced *The Rime of the Ancient Mariner*, *Christabel*, and *Kubla Khan*. The central section of the book is devoted to his most significant critical work, *Biographia Literaria*, and reproduces it in full. It provides a vital background for both the poetry section which precedes it and for the shorter prose works which follow. There is also a generous sample of his letters, notebooks, and marginalia, some recently discovered, which show a different, more spontaneous side to his fascinating and complex personality.
