Nutrition and Growth: Yearbook 2014 (World Review of Nutrition and Dietetics, Vol. 109)

The relation between nutrition and growth in children is one of the key concerns of pediatric health that touches a multitude of specialties. Exchanging concepts and knowledge between professionals of all the different disciplines involved is thus crucial to facilitate research and interdisciplinary clinical collaborations. The present 'Yearbook on Nutrition and Growth' is unique in its concept: The contributing editors of each chapter have chosen recent journal articles that have the most potential in relation to the topic of their chapter. Providing the practicing physician with succinct editorial comments, the editors also evaluate the clinical importance of each article and discuss its application. This yearbook is a valuable resource for pediatricians interested in the subspecialties of nutrition, endocrinology and gastroenterology, but also for pediatric nutritionists and dieticians, and other health professionals involved in the care of children.
