Omega Mine (Alpha and Omega Book 1) Aline Hunter

A bond forged in blood. Fealty given to the one he desires above all others.

Graced with the ability to shift into any form, Diskant Black is the absolute authority when it comes to New York shifters, and as the Omega of the city, his word is law. Protecting the shifter races is more than a job, it's a predisposition ingrained since birth--nothing is more important. Until a chance encounter with a tiny female sets fire to his blood, brings him to his knees and turns his world upside down. Ava Brisbane is more than he bargained for in a mate--beautiful, fragile...*human*. If he wants to keep her by his side, he'll have to sacrifice a portion of his soul to establish a bond that can never be broken.

Unfortunately, the timing couldn't be worse. Shepherds--hunters of all the shifter races--have arrived in New York. To protect the woman he can't live without, Diskant will have to stand against those who have come to start a war.
