~Editor's Pick~

Cat McLean grew up with a strange family saying about a portal to the past, and when she returns for a visit to her Scottish ancestral home, strange takes on an entirely new meaning.

She might feel an instant connection to the drop dead gorgeous Scot she encounters, but you'd think she'd remember sleeping with him.

Angus has waited for his one true love for nine long years. He is not about to let her go again, even if she has picked up some odd customs in her absence.

Time travel is impossible...right? Then again, true love conquers all, or so they say.
