#### I'll Meet You There: Living beyond all ideas of right and wrong Philip M. Bailey

I'll Meet You There is a book that deifies classification. With over thirty chapters covering virtually every aspect of life, it can be considered a manual for conscious living. Written by a medical doctor with over twenty-five years of experience as a counselor, homeopathic physician, lecturer, facilitator, and practitioner of meditation, I'll Meet You There sheds light on how anyone can live a life based on awareness rather than ignorance and habitual conditioning. Not since Scott Peck wrote The Road Less Travelled has a book been written that challenges our assumptions about life so comprehensively, whilst at the same time offering a clear and easily accessible vision of how Life itself can be allowed to live us, rather than the other way around.
