Let It Be (33 1/3)

Colin Meloy

Let It Be (33 1/3) Colin Meloy

One of the greatest moments of College Rock in the 1980s, Let It Be had a huge impact on the fans who fell under its spell. For Colin Meloy, growing up in Montana - a state that's strangely missing from the tour itineraries of almost every band - the album was a lifeline and an inspiration. In this disarming memoir, Meloy lovingly recreates those feverish first years when rock music grips you and never lets go.

EXCERPT

The fact that the Replacements had to endure that sort of Midwestern environment while trying to keep up a hard-case punk-rock image really appealed to my predicament. That they had to live through 40 below winters and frozen pipes, while surrounded by what I perceived as being a wholesome cultural backwater, brought the Replacements closer to me, closer to Montana. They seemed like the kind of band that could be practicing in my garage, my basement, and still be crunching out the same indelible music.
