Madness: The Invention of an Idea (Harper Perennial Modern Thought)

Michel Foucault

Madness: The Invention of an Idea (Harper Perennial Modern Thought) Michel Foucault
Michel Foucault's first exploration of insanity as a social construct—and his debut work of criticism, published nearly a decade before *Madness and Civilization*—*Madness* offers an invaluable lens through which to observe the seminal social critic's philosophical evolution. Previously published as *Mental Illness and Psychology*, this exciting and accessible new edition offers unique insight into both Foucault's early engagement with the psychoanalytic tradition and his critical break from Freud, giving readers a crucial look at the thinking that prefigured *The History of Sexuality*, *The Archeology of Knowledge*, and more.
