The Starter Wife

Gigi Levangie Grazer

The Starter Wife Gigi Levangie Grazer

there are starter jobs. starter cars. starter houses. and then there are starter wives.

From the bestselling author of *Maneater* comes *The Starter Wife*, a sexy, savvy, and wickedly funny novel about life after divorce and one woman redefining herself after years of marriage to a Hollywood studio head.

When her husband Kenny dumps her by cell phone mere months before their ten-year wedding anniversary, Gracie Pollock finds herself reeling. Though her nine-year role as the wife of a semifamous Hollywood studio executive often left her dry and she never fully embraced the "status" (according to Kenny), Gracie has grown accustomed to the unique privileges afforded by Tinseltown's brand of power and wealth: reservations at Spago on a Friday night; beauty treatments by dermatologists (Arnie), manicurists (Jessica), and colorists (Cristophe) to the stars; line-jumping at Disneyland with her daughter and Ugg-wearing celebrity offspring. And despite the fact she had consented to name their daughter Jaden in a (failed) attempt to lure Will Smith to one of Kenny's productions, Gracie believed she and Kenny were different from other Hollywood couples. She never thought she'd be a *starter wife*. But now that her marriage is over, her phone isn't ringing, her mailbox is empty, and it's only through a faux pas by her world-class florist that she learns her husband has upgraded: Kenny is dating a pop tartlet.

With images of Kenny's 'tween queen everywhere she turns, Gracie seeks refuge at her best friend's Malibu mansion for some much-needed divorce therapy. Soon she's associating with all the wrong people, including a mysterious hunk who saves her from drowning, the security guard at her gated community, and -- God forbid -- Kenny's boss, one of Hollywood's better-known Lotharios.

With her signature wit, sassy style, and cameos of the rich and famous -- and wannabe rich and famous -- Gigi Grazer tackles the most delicious and dastardly details of a divorce and recovery, Hollywood style.

From reader reviews:

John Bullen:

What do you think about book? It is just for students since they're still students or that for all people in the world, what best subject for that? Only you can be answered for that issue above. Every person has distinct personality and hobby for every other. Don't to be compelled someone or something that they don't desire do that. You must know how great and important the book The Starter Wife. All type of book can you see on many sources. You can look for the internet methods or other social media.

Brian Smith:

As people who live in the modest era should be revise about what going on or data even knowledge to make these people keep up with the era that is always change and move ahead. Some of you maybe will update themselves by studying books. It is a good choice for you but the problems coming to anyone is you don't know what one you should start with. This The Starter Wife is our recommendation so you keep up with the world. Why, since this book serves what you want and need in this era.

Daphne Jones:

Playing with family in the park, coming to see the water world or hanging out with pals is thing that usually you will have done when you have spare time, then why you don't try thing that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love The Starter Wife, it is possible to enjoy both. It is great combination right, you still would like to miss it? What kind of hang type is it? Oh occur its mind hangout guys. What? Still don't obtain it, oh come on its called reading friends.

Debra Davin:

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book had been rare? Why so many issue for the book? But just about any people feel that they enjoy for reading. Some people likes studying, not only science book and also novel and The Starter Wife or others sources were given information for you. After you know how the good a book, you feel want to read more and more. Science e-book was created for teacher or maybe students especially. Those books are helping them to add their knowledge. In additional case, beside science book, any other book likes The Starter Wife to make your spare time a lot more colorful. Many types of book like here.
