Hacking High School: How I Get Straight A's with Minimal Effort Axon Mitchell

****Limited Time Promotional Price****

Discover the secrets of top students and learn how to replicate their success while doing a *lot less* than them.

Tired of wasting *more* time than straight A students and still getting lower scores than them? Or are you just lazy like me and want to spend less time on homework?

Create a better life for yourself by learning all the secrets that I've collected over the years by staying a straight A student while balancing many hobbies, sports, college classes, and a social life.

About Hacking High School

This book will specifically teach you not only all the underlying philosophies I have *but also* specific techniques I use to crush homework and tests.

Trust me, I've been through my rounds in high school, and have taken the hardest classes possible. I don't have a genius IQ, I've just learned a ton of techniques from years of having the right mindset. I will tell you why more effort does not equal better grades, and how you can completely rewire your brain so you'll be as successful as the top students, while doing less work than them.

This Book Will Help If You...

- Want more free time
- **Want to get better grades by working *smarter*, not harder**
- Keep getting bad grades no matter what you try
- **Want to learn how to use procrastination as your secret weapon**

- Are under pressure from family to better in school
- **Feel like you are stuck where you are**
- Want to maintain a social life outside of school.
- **Have a hunch that school could and should be a lot easier**
- Have noticed that some people seem to get awesome grades with no effort
- **Know you have more potential**

If you want to have an awesome life outside of school, while still getting impressive grades — you should get *Hacking High School*.
