Guys are very good in being discreet about their feelings and emotions. Guys have such really huge egos that they overprotect. Guys are seen as tough. They seem not to have feelings that will make them appear weak or soft. Tough guys do not reveal their true feelings especially when their feelings involve getting in the emotional side like feeling sad, nervous, anxious, shy, or liking and falling in love. Guys' greatest fear is embarrassment. They can get into real trouble when their ego gets hurt. But being tough is not what guys really are. Guys are as supple as girls. The only difference is that, girls are expressive and guys are not. Guys have a lot of ways of expressing their feelings or emotions in indirect manners making the hard to read and sometimes difficult to understand.
