## **Oil, Transition and Security in Central Asia (Routledge Curzon Advances in Central Asian Studies)**

Sally Cummings

Approaching Central Asia from the perspective of geopolitics, transition, oil and stability, the authors provide a very broad and diverse analysis of the region, examining domestic and international developments since 1991. The book both provides an introduction to the region and presents advanced research on international pipeline projects, political risk and developments after September 11th. The authors draw on a variety of disciplines, including economics, politics, international relations, law and sociology.
