You will laugh, love & maybe shed a tear as you ride the range in this humorous western adventure series set in the cowboy future. Annie Talks To Horses tells us a tale fraught with danger, intrigue and sexy men. Some of our heroes are rock walkers. They travel across space and time. They are also cowhands, and gun hands, walking the fine line between freedom and death. Explore a new universe. In 2615, the Cosmos has changed. Times got tough on Earth. In fact, they say it got blown to hell. Humanity exploded outward just in time. What used to be countries and cities on Earth? The citizens of the most popular have moved out and pioneered their own planets. For gambling, try planet Vegas or it's smaller sister world, Reno. For sexual adventures, try Fantasyland 3000. I heard a rumor that there is an Atlantic City out there, too, boardwalks and all. Britannia is the seat of the Brit Empire, one side of the planet has the American colonies. The other New London. Planet Switzerland is still neutral. Hollywood is a popular destination for tourists. And talk about popular. There is Trek for Trekkies, with the planets War, Trek, Who, Transformer, Terminator, Firefly, Brown Coat and more. They're all in the same system, you just hop on the shuttle to jump from one to the next. Rumors of beaming up seem to be unsubstantiated. Triassic and it's sister worlds for dinosaur lovers. There's a whole slew more. Interplanetary flight is common. Want a unique vacation? Visit NFL, NBA, Golf, or NFR and watch or play sports the big time with your heroes. Squanto, newly pioneered, has rich gold deposits for aspiring 49er's. There are also: Terrania, Terminus, Gearhead, Life, Heaven and hundreds more. The superpowers of the Triumvirate are Yaquin, Chilt, and Taku. Vegger planets. No meat eating allowed. Our intrepid heroes make their home on the planet Rock. A wilderness realm whose main industry is agriculture. Terminus and the Rock are country planets, out on the edge, where the farmers and ranchers try to ply their evil meat eating traditions out from under the thumb of the veggie governments. The Triumvirate likes to keeps them rural and wilderness. Electronics, internal combustion, fusion, molecular, electronic and fission engines are not allowed. City folks like to vacation on the Rock to play cowboy because cowboys, cowgirls and dirt farmers rule. The horses are tough, the women loose and the cattle grass fed.
